WILLIS WAITS!

By Buster Willis

Now and then something! A news release coming out of the State Comptroller's office says: "Memo to citizens: Here are some editorial comments from around the State. Any one can use will help the Governor's tax program along." And what do you think? That the tax bill was from the State? No, it was from the HERALD of July 4th. It must have been pretty good. In fact we think it was darn good. We want to brag. We think we should. We're not to. Luther wrote it, not the editor.

Carmen Salvatore, the Everglades member of the county school board, says work on all schools in this section is progressing well. He thinks something unforeseen should develop it for scheduled school openings.

Concerning the Pahokee football team some two years ago with a newspaper publisher or the editor. The canvassers informed the publishers that the canvassers wanted their old and new addresses to collect whatever they had to offer for the National Defense program.

On Wednesday morning at the same time the volunteer workers again met with the committee members. They had three different meetings in this area and discussed with friends and drivers the local conditions.

The Rev. Paul Lorimer of Port Lauderdale officiated, and the Rev. K. R. K. Wren of the Pahokee Methodist Church.

Mr. K. R. K. Wren, who collected the money, said: "That's the night he was late getting home from a visit to the coast."

A news story relates the formation in California of a boy's club for the purpose of promoting and teaching chivalry and gallantry to members.

Their slogan is "Do right and fear no man; don't write fear on your man; Mister, they ain't just being funny."

We just saw a headline in a daily which reads: "Women, holding most cash, are spending money." We have always had a lot of respect for the editor of this particular daily, but his judgment of news value must be slipping. We saw a headline in the paper today, "Navy has to buy the 'little woman' at the house."

John Dulaney, master of the amateur market there, has his blood pressure all up over the prospects of the market's business for the coming year.

It is reported that the herefore strictly "boy's" are going in for celery in a rather big way. John says they are going to have a real kick at the facilities and a pre-cooler at the new market. He expects to wash around 500 acres of celery in a matter of time and will probably be claiming to have started celery raising on the muck.

It's whispered around that there will be a National bank in Belle Glade. We have been asked to soft pedal the thing until it is definitely set, but everybody seems to know most everything about it except us. Jeff Caffey at the Bank of Pahokee says: "We have been in and checked his books for information. Jeff says he has enough to see if he has enough to start a bank here. It is reported that several prospective building sites for the new bank have been checked over. It is also that E. G. Kilpatrick, former Pahokee banker, has made a trip to Miami to confer with him. Kilpatrick is here and considered for the job of running the bank, if and when it is reality. Anyway, now that we know we don't know, we have to go to our news. Or, are we being presumptuous?"

Mr. and Mrs. J. B. Grissell, Miss Billie Scogin, Mr. and Mrs. J. S. Scogin left the last of the week for a fortnight's vacation west among relatives in Alabama.

Aluminum Drive In This Section Reported Success

The Local Committee Was Able Assisted By Volunteers

W. P. Risk, chairman of the local Defense Council's National Aluminum drive, reports that the drive has been brought to a useful conclusion.

The only remaining function of the committee is to have the scrap material weighed and carried to the plant.

The plan miscarried and

was about a year before he again passed that way. Observe.

It had happened to the imprudent and split open the log.

To his astonishment, not only the log but the experts who had come 25 or 30 young ratters about 12 inches long came pouring out in spite of the fact that there had no food during the winter. Having a weapon in the hole he managed to account for the lot.

ONE SNAKE STORY CALLS FOR 48-FOOT SNAKE

An Old-Timer in Florida, reading of the snake killing at Lake Harbor last week in the Belle Glade Herald, reports that Guy Roberts, some 35 years ago, when he was a boy, had an encounter with a diamond-back rattler which rivals the experience of Claude Verdin with the most. While Mr. Roberts was securing a suitable weapon to kill the rattler with it crawled through a hole in the log and escaped. Not to be outdone, Mr. Roberts planned up the hole planning to return the next day with an axe to dig him out.

The plan miscarried and was about a year before he again passed that way. Observe. It had happened to the imprudent and split open the log.

To his astonishment, not only the log but the experts who had come 25 or 30 young ratters about 12 inches long came pouring out in spite of the fact that there had no food during the winter. Having a weapon in the hole he managed to account for the lot.

Funeral Services For Local Woman Were Held Tuesday

Funeral services were conducted Tuesday afternoon at the Ferguson Funeral Chapel, West Palm Beach, for Mrs. Ellen Smith, 62, widow of the Rev. Paul Lorimer of Port Lauderdale officiated, and the Rev. K. R. K. Wren of the Pahokee Methodist Church.

Miss Smith had been in Belle Glade for the past nine years, having come here as a bride from Germany. Her gracious manner had won her a host of friends.

Her husband is the only surviving relative in this country.

Miss Smith had been a friend to many workers and volunteer workers for their splendid cooperation which resulted in the success of the venture.

Spooner-Hudson Wedding Solemnized

DOUBLE TEAM TO PLAY DOUBLEHEADER SUN

Before an impromptu audience of friends, family and gädiol, Miss. Hudson, daughter of Mrs. Raiston Barnes Ross of Mountain, Ala., was married to Mr. Charles L. Hudson, with Father A. Dredon of St. Leo Parrish, officiating.

The bride wore a gown

decorated with a lace

waist and long full skirt.

Her illusion veil was held in place with a halo of orange blossoms.

Her bouquet of gardens,

and the bride's dress was

made by Mrs. Pauline

Freudlin and Miss

Eveline Macie, Mrs. E. M. Freudlin and Miss Gloria John.

ANSWER FOR PATRIOTS

Our country is in the thick of the greatest peace-time program in history. Every possible facility has been utilized in the National Defense program—"Automobile factories are turning out war materials instead of the usual number of pleasure cars. Tractor manufacturers are engaged in producing tanks, the auto

The industrial patriotic men are asking what we can do to contribute to this cause. For that information we reprint the following:

1—Learn something; study first aid, elementary sanitation, organizing drives, activities, diet and nutrition, preserving of food, practical psychology.

2—Prepare your mind; by intelligence and foresight you may eliminate any suggestion of terror. Read newspaper and magazine stories about the war in the war zones. Get what practical lessons you can from them, and then study how these lessons would apply in your own neighborhood.

3—Prepare your body; toughen up, take exercise, perform some hard, muscle-building work, play some hard games, if physically strong. Use what you have and be thrifty and cheap. Plan how you may save gasoline. Clean other wastes.

5—Clean up your house and grounds; piles of paper, unneeded objects stored in the attic, trash piles in your yard are fire hazards in time of war.

6—Save the gute bags; bags that contained potatoes, fertilizer, etc., may be valuable as sandbags if war comes. Wash them, dry them carefully and store them in a dry place. Air them occasionally.

7—Plant a garden; grow beans, tomatoes, other vegetables, in your back yard. Do it soon and beat the sun on the "plant a garden" campaign. Lay in a supply of canned milk if there's a baby in your house.

8—Suggest fifth columnists; do a bit of counter-espionage if the opportunity offers, and report all you learn to police headquarters or the Federal Bureau of Investigation. But do not engage in vigilante activities—let trained police or government investigators do the work.

9—Rept propagandas; Hitler would be very pleased to hear anti-Semitic talk, anti-American policies, class or race prejudices, for that would mean you had fallen for his "secret" weapon, propaganda.

10—Wake up your neighbor; that's the summer campaign slogan of your local Defense Council. Talk things out among your neighbors, and with him in particular their intent.

If he is apathetic, wake him up. Civilian defense planning and purchase of storm shutters have the same basic reason—prepare for a storm that may never come!

Doehauer suffers more from its loud-mouthed friends than from its enemies.

Labor leaders, who call strikes for higher wages, seem to believe that "what helps business help you."

The work of the world is not accomplished by individuals who chase the empty honors of their superiors.

Taxes are unpleasant but they are not as burdensome as many assert and they are not as high as they will be.

We would not try to tell anybody where to worship God but we would tell them to worship Him somewhere.

Civilization, it appears, hasn't crashed yet; the usual crop of summer bathing beauties appear in the news pictures.

When a man seeks public office, upon racial or religious preju-

dice, it is a sure sign that he isn't fit to hold any office.

Look plays a large part in the success of any individual but the man on the top had more than the blessings of the fairies.

When traffic regulations are vigorously and impartially enforced in Florida, there will be fewer people killed on the highways.

The national defense effort has been slowed by labor quarrels and by efforts of business to get the best possible bargain for the government.

A long-range bomber can fly from Iceland to Berlin in less than seven hours. It might interest Herr Hitler to learn that the United States plans to build 300 long-range bombers a month.

It's about time for the head of the house (absolute power, formerly used to denote the husband or father) to plan his vacation; he will enjoy it now because after all the rest of the family get there he will not be able to stop work long enough to take it.

There is an old saying where the wheel squeaks worse is the place you get the most gree. If that true. Wheeler ought not to be running dry, for doing his part of the squeaking while stamping the country against the lead lease act.

What Others Think

We cannot lose freedom as a nation and yet retain it as individuals. We cannot not keep it, either as a nation or as individuals unless we are willing to sacrifice our freedom and individuality that have ever been the price of liberty. It was because this is true and proved by all of our experience, that the President called upon the people for a pledge—a pledge of "our work, our will and, if necessary, our very lives."—Washington Star (Ind.)

American freedom is at once a precious blessing and a great responsibility—a responsibility that can not be shirked. The President has done his best by waving the flag and showing our belief in the cause of freedom and letting it go at that. It requires that we pledge not only our allegiance but all that word implies—"our work, our will, and, if necessary our lives."—No American can refuse that pledge.—New York Herald Tribune (Rep.)

Mr. Roosevelt's Fourth of July address was an eloquent statement of the situation in which the country finds itself today. Mr. Roosevelt makes a good case for the flag. It is true that we cannot save our freedom if our neighbors have lost theirs. It is tragically true that the United States will never survive as a fertile basis of liberty in the midst of a desert of dictatorship.—Baltimore Sun (Ind. Dem.)

As President Roosevelt pointed out recently, no nation in all history has ever lost democracy by fighting to preserve it. But nation after nation has been torn down by the forces of despotism. The spineless peace was more treasured than the liberties men have wrung from tyrants by centuries of struggle. For free men worthy of their heritage there is only one answer to make to the threats of despotism. And it is not the answer offered by those who find the gospel of despair and appeasement.—Chicago Times (Ind.)

We are spending hand over fist for national defense solely because Hitler has an ambition to rule the world, and has set out to conquer. It was Mr. Roosevelt who saw danger before any other European statesmen and who in a two-year diplomatic struggle sought by peaceful means to encourage the other nations to respond to his demand of the sword to meet this danger. What he has seen has been confirmed by developments. That is why he has the confidence of 70 per cent of a free people—not only in a sense of civil and political liberties but also free from such prejudices and emotions that they can clearly see the course of events.—Chicago Star (Ind.)

William S. Knudsen, director of the Office of Production Management, told President Roosevelt the other day that, with one exception, all dollar-a-year men assisting the defense program are Republicans. The exception is a youth out of Yale who hasn't cast his first vote.

In his speech the disclosure public, the President commented:

The only people rich enough to take dollar-a-year jobs are Republicans. Knudsen said the country and finally the government and morally and morally Britain is closer to them than Tierra del Fuego. Christian Science Monitor (Ind.)

We believe Americans can see that defense must be active. We trust they will strongly support the President's determination to negotiate for peace, but insist on the right of work on the Western Hemisphere. We urge them to remember that generally, politically and morally Britain is closer to them than Tierra del Fuego. Christian Science Monitor (Ind.)

United States, too, we must all work harder and longer together. There must be unity in industry and teamwork in everything. A family friend of the Orient recently said: "I was prepared to die in the service of my country, but I am not prepared to die today in the sweater period. The more we prepare now the less we may bleed tomorrow. It is your job—and mine—to make this country we all love into one All-American team."—East Boston Free Press (Dem.)

United States faces a crisis without parallel in history. To make the United States safe, we must all work harder and longer together. There must be unity in industry and teamwork in everything. A family friend of the Orient recently said: "I was prepared to die in the service of my country, but I am not prepared to die today in the sweater period. Congratulations AND Best Wishes

To D. C. DeHAVEN and His
BELLE GLADE MACHINE WORKS
On their fine New Building

We are pleased to have an opportunity to congratulate Mr. DeHaven on the erection of a modern business building in Belle Glade. This type of construction carries with it an atmosphere of permanency which denotes the stable growth of the community.

The Belle Glade Machine Works has grown steadily for the past three years under the direction of Mr. DeHaven. His ambition and business acumen are represented in his fine new building. More construction of this type is sure to come to Belle Glade. It is the kind we advocate and will be glad to assist in securing.

Congratulations

On Completion of New Home of
**THE BELLE GLADE
 MACHINE WORKS**

To D. C. DeHaven we extend our hearty congratulations and best wishes for his continued success as operator of the Belle Glade Machine Works. In the past three years he has built this business up to a point where more spacious quarters were essential. In providing these quarters in the new building just completed, Mr. DeHaven has kept pace with new structural ideas and utility. The structure is a credit to Belle Glade, as is the business and the owner who will occupy the building.

Home Demonstration Camp At Lake Worth On Sunday

The Tenth Annual Home Demonstration Camp sponsored by the Senior Council will open at the Lake Worth Casino on Sunday at 3 o'clock. All home demonstration women, not only in the county, but from all over the county, are invited to avail themselves of the privilege of attending this camp. Three days of recreation, homecraft and home management classes will be carried out under the direction of Mrs. Edith Y. Barnes, home demonstration agent, and leaders in the various fields of activity. The Senior Camp will be followed immediately by the Nineteenth Annual Home Demonstration Camp, the girls going into camp Wednesday morning and remaining until Saturday afternoon.

Most of the same leaders will be available in both camps, re-

maining throughout the week. Mrs. F. W. Mulcher of South Bay will be in charge of the crafters, Mrs. G. J. Bartow, also of South Bay, will have charge of the daily vesper services and also of the mothers of the girls. Mrs. G. L. of Pahokee, county 4-H Club chairman, will be present at the 4-H Camp and assist with the daily demonstrations by special experts called in for the day. Members of the clubs and special guests will be invited from day to day.

The price of the pool will be \$2.50 for each camper, is requested to furnish her own coat, if possible, bed linens, towels and toilet articles, table service for four, a radio, a typewriter, a typewriter kit, one or two magazines, a covered dish or fresh fruit or vegetables or a baked product for the first meal.

Ample time will be devoted to relaxation and recreation and each club is asked to prepare a short program.

Registration for camp are requested to be made in advance with Mrs. Barnes.

(Continued from page one) Dunaway were matching gowns of pink and blue, with illusions of shoulder length. They each had a handkerchief knotted in a bow and the bows of multi-colored ribbons. The best man was James Harry Wilkins and the ushers were Eddie Carter and Tom Parker and Sidney Smith.

Following the ceremony a reception was held when the large hall was filled with people.

The bride's table was decorated with an improvised arch of white asters and white carnations. Mrs. Spomer had been with her uncle and aunt for several years and attended school here and in Pahokee where she graduated in 1930 and 1932. Mrs. Spomer also is a graduate of the Pahokee High School. The couple left immediately for the next hostess at her home on the South Shore Sugar Plantation.

Those present included Mrs. Ruth Wings, Mrs. Lorraine Burkett, Mrs. J. F. Royal, Mrs. H. R. Layfield, Miss Muriel Merriman, Miss Edna Merle Ochs.

ADDITIONAL SOUTH BAY LAKE-HARBOR NEWS

BELLE GLADE BULLETIN

(Continued from page one)

Mr. and Mrs. Murray Grayson and Murray, Jr., former residents of the Everglades now living in Coconuts, and Miss Viola Smith, took a vacation trip to the Everglades. Mr. and Mrs. E. M. Willits and spent the night as guests of Mr. and Mrs. E. M. Willits, who live in their home in Belle Glade. Mr. Gay is the home demonstration agent of Brevard county.

James Allen, second son of Mr. and Mrs. W. C. Allen, has returned home from the Good Samaritan Hospital, West Palm Beach, recuperating after a major operation.

Mr. and Mrs. L. O. Ratley and children, spent Sunday at the beach and on Monday, Donald Barnes, Edsel Sager, Stanley Wright and O. D. Martin left Monday morning for the 4-H Club boys of Palm Beach county for a week's camping trip under the direction of County Agent M. U. Moulton. Mrs. A. B. Barnes

highlight of the entire night will be a Gay Nineties street dance to be held in your home with the people costumed in the latest fashions and everything which makes for a fine party. We'll also present you with a cup and have it engraved with the name of the town to make the trip and the town swell style.

This group of nine hundred

people, the Center Trade Festival will gladly cooperate with you and see that the whole town is turned over to you when you arrive. There isn't anything

you are looking for.

California Was Never Like This!

Reading Contest For Youths Now Has Thirty Members

Dorothy Betzner is leading the girls, and Redine has gotten off to a good start over the boys group, in the reading contest sponsored by the State Library Board.

"The reading of accredited books has been greatly stimulated since the contest started on July 5, and to date we have 30 contestants," said Mrs. J. F. Browne, librarian, today.

All children between seven and fifteen years of age are eligible to enter, and anyone start-

ing now would still have a good chance to win a prize by September 15, when the contest close.

As an inducement to encourage more reading of a good variety of fiction, romance and adventure, the contest has made a habit of clean, wholesome reading among the school children, first and second prizes will be \$25.00 and the girl with the greatest number of these accredited books within the given time, and also similar awards.

Mrs. Browne estimated that the reading of accredited books will only be counted on the score sheet when the books are read and the sheets are filled with new and interesting books which are accredited so that it will not be difficult for any child to find plenty of

reading which will be suited to

the girls, and Redine has

recently added to the shelves,

the youthful readers may be fas-

cinated by such titles as "Rome!

"Polly Peck Penny," Lois

"The Sky Roads," Ernest K.
